A Message from the President

The New Year is upon us and we have all made (and mostly broken) our New Year's Resolutions. That's ok, as long as we continue to try to do better. This New Year will bring many challenges to our businesses, as well as to each of us personally. By the time you read this we, the Chamber Board, hope to have a new Executive Director hired and working to make every business in this area realize that being a Chamber member is worth the hard earned money you spend to be a member. All the Board members have really had to step up to the plate to pick up duties that our new Executive Director will take over. Membership lists along with member dues letters, receipts, invoices and much more information has now been put into a database so that we will be able to keep records that any organization would be proud to have.

We as a Chamber Board wish each business a very prosperous new year and look forward to meeting you at our breakfast meetings that take place the second Tuesday of each month at 7:30 a.m.

Be sure to look over your newsletter to see other activities that may be going on in this great county. We welcome your input!

Yours in service, *Tim*

*May the New Year
bring you happiness,
peace & prosperity.*

Sign of Progress

Lewisport Mayor, Chad Gregory, and the City Council decided to construct a new sign to promote the City's downtown businesses. The sign also enhances the corner of the US Highway 60 corridor coming into downtown Lewisport. The City of Lewisport also has the ability to add extra rows for more business names that wish to have space and Mayor Gregory states it is very reasonably priced for advertising.
