Letter from

**the President**

I was very disappointed that I was not able to attend the meeting at the Farm Museum. Everyone I talked to told me it was a great success. It seems that as soon as the snow melted it was time to start yard work. Be sure to visit all our local businesses for your yard care needs. Local people helping local businesses helps keep our dollars moving around among our members. Our expanding local economy has made headlines in both the local and regional news lately. Let's all do our best to help make sure this trend continues. **Tim**
