Business of the Month

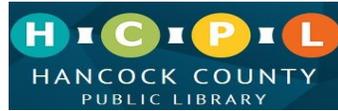

Independence Bank is a local community bank with roots that can be traced all the way back to 1909, when Farmers & Merchants Bank opened in McLean County, Ky. In 1971, Charles A. Reid and Maurice E. Reisz purchased Farmers & Merchants Bank in McLean County as well as Providence State Bank in Webster County. In 1997, the two small banks were incorporated under one name - Independence Bank. With the new name, the Bank began a rapid expansion into surrounding communities throughout the state. Independence Bank entered Hancock County in 2001 with the opening of our Hawesville location. A location in Lewisport soon followed in 2003. Independence Bank now operates 19 locations in the following 10 counties throughout Kentucky: Calloway, Daviess, Franklin, Hancock, Henderson, Hopkins, McCracken, McLean, Warren and Webster Counties. Independence Bank's success is driven by the success of the community and local businesses that support us. We are proud to be a part of the Hancock County community and appreciate your business and support !

Message from the President:

Well folks summer is winding down. School is in full swing. Watch out for the kids and the buses. The fair booth looked great and was a great success. The slide show looked great too. Thanks Steve for the extra effort on this. Thanks Pam and the rest of the board for the work getting the booth ready. We are still looking for booths for the Oktoberfest. Have a great and safe September.

Thanks Tim
