Labor Management Federal Credit Union is a Community Credit Union. This means to be a member all you need to do is live, work or worship in Hancock County or be related to someone who does. That's it!

You can take advantage of our great account rates, FREE offerings, and lots more here at Labor Management Federal Credit Union. Membership with a credit union offers benefits that banks don't offer.

Stop in and talk to us today for more information.

We're MEMBER OWNED! There's no untouchable board of directors, or owners from another city that have never been here, or millions of owners - such as publicly traded bank stocks. Our members own our credit union. It belongs to YOU! Every year, at least one time a year, all of our members are invited to an open board meeting,

including dinner and door prizes. If you think you'd like to be a part of our board, you're welcome to join in! All of our board members are your neighbors.

Membership is easy here at Labor Management FCU. A small \$5.00 deposit is all it takes to open an account. Come in today, and let's make you a member!

## Congratulations!
